

United Way of Mineral County
Diversity Statement

The United Way of Mineral County respects the differences in our donors, volunteers, employees and those with whom we collaborate and serve. We feel that the inclusion of these differences will allow us to maximize our individual talents for the benefit of the organization and the community.

Therefore, the United Way of Mineral County embraces the principle that all members of the community are encouraged to participate in all functions of the organization. Differences and similarities include, but are not limited to, race, sex, education, ethnicity, socioeconomic status, religion, ability, disability, sexual orientation, age, geographic region and first language.

We encourage affiliated agencies to reflect and adopt diversity goals similar to the United Way of Mineral County. In addition, we seek to collaborate with other community entities that adhere to similar diversity principles.
